## Strong frame structures

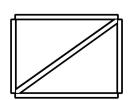

Which of the these shapes will lose its shape (collapse) when you press on a corner?

How can I strengthen the shape that collapses?

Name the shape that you just formed.

Which shape do you think is the strongest?

There are 5 struts making up the following figure. Name all five struts:

- l.\_\_\_\_\_
- 3
- 4.\_\_\_\_\_
- What part of your body is also a frame structure?

Identify materials used in traditional homes:

Traditional Home	Material used	Strut/beam/column
Igloo		
Xhosa Rondavel		
Zulu Hut
